

X-RIC PRESENTATION

(April 2-4, 2002 -- Jacksonville, FL)

1. **Software Requirements Statement (SRS)** - *including Business Rules, Flow Process, Category Listing, and Screen Templates* submitted to the IT Committee August 2001 (Peggy Langlois).
2. **Action Items** -
3. **Elimination of orphan X-Rics** from data bases (records with no users, not attached to a config record). Puget accomplished this by having Concord (Ben Go) eliminate those records...do not have current data from other CDM's. (Last stats are from May 2001)
4. **Continuing process (by CDMs)** for **conversion** of existing X-Ric records to new Specific/Generic X-Rics.

X-RIC Presentation *(continued)*

5. ***CDM X-Ric Conversion Letter*** - After incorporating comments from the 'committee', a draft of the letter was sent to Sally Pritsch in August). By 9/17/01 email, she advised putting it on hold.
6. ***X-Ric Guidelines & Usage*** - Complete and posted on web-site.
7. ***Business Rules*** - To be presented to Donna Johnson for inclusion in the Tech Spec....***asap***.
